RE: SOL-40297-13-RV2-IN2

Ms. Elizabeth Usprich, Vice Chair
Southern RO
6th Floor King Street West
Hamilton Ontario

6 February 2017

Dear Vice Chair,

I am the tenant's representative in this matter and have agency authorization on file since the September 17, 2015 hearing de novo.

While I am the spokesperson for the few remaining tenants involved in SOL-40297-13, I am not the only respondent who continues an interest in this case. The outcome of this will directly impact both rent and future proceedings both on file and pending. Tenant interest is very real and each person should be able to witness and/or participate in these proceedings. Therefore, in the interests of fairness and transparency, I suggest we convene any further proceedings in this matter at the St. Catharines facility as what you call an "in person hearing".

I will make myself available at the applicant's and board's convenience.

Yours Truly

LD Blake
Tenant's representative.
